

Snow Removal Report

Ravenswood – SSA 31

Date of Event:	2/26/2015
Snowfall Total:	6.5"
Type of Measurement:	AccuWeather.com
Time of Measurement:	1:00 am
Sight of Measurement:	Clark and Devon
Measured By:	Sherman Tillman
Time Crew Arrived:	3:30 am
Time Crew Finished:	1:30 pm
Route Approved By:	T.J. Hnilica
Notes:	<p>This storm began around 6:00 pm on 2/25 and continued to fall very light. We measured 2" at about 1am on 2/26 and then called our crew in at 1:30 am. Our crew arrived around 3:30am then began to plow and salt. Lake Effect Snows continued throughout the day, but it only accumulated a coating over the salted sidewalks.</p> <p>We had some personnel and equipment issues, so it took longer than usual to complete the SSA this time, but things have been resolved and we are ready to go again!</p> <p>This was the 4th occurrence of 2 inch services. This service brought you to your Seasonal Cap where services will continue but billing will cease until after the tenth occurrence of service.</p>
