Sight of Measurement:	O'Shaughnessy Pub
Measured By:	Jonathan Jones
Time Crew Arrived:	8:10 pm
Time Crew Finished:	4:30 am
Route Approved By:	Antwan Candler
Notes:	<p>This storm was predicted to bring a snowfall accumulation of about 3-6 inches throughout the Chicagoland area on Christmas eve through Christmas morning. Snow started to fall around 8am very heavy and the temperature was below zero degrees . Cleanstreet measured 2 inches at 3:40pm, we then called our crews in to be at the office at 5:30pm. We arrived in the Ravenswood area around 8:10pm and began to plow. The snow didn't come up easy because of the really cold conditions, so it took longer than expected. Our team finished the Ravenswood area around 4:30am Christmas morning.</p> <p>Deposit Made: \$22,500.00 Deposit Remaining: \$11,250.00 Total Amount Due: \$0</p> <p>This was the first occurrence of 2 inch services.</p>
